🐙 binuralk

Profile

Results-driven Information Systems undergraduate at the University of Colombo School of Computing, seeking an internship in Software Engineering, Full-stack Development, or Project Management. Skilled in full-stack development, data analytics, and AI-driven solutions, with a strong foundation in business strategy and financial principles through the CIMA programme.

Education

University of Colombo School of Computing B.Sc in Information Systems	2023 - Present
Rahula College, Matara G.C.E ALs 2021 - Physics: A, Chemistry: A, Biology: C G.C.E OLs 2017 - 9As	2007 - 2020
CIMA CIMA Foundation Level	2024 - Present

Development Projects

Workify – Full-Stack Career Recruitment Platform	2025 - Present
Developed a full-stack career platform designed to bridge the gap between job candidates, recruiters, and mentors. Engineered a secure back-end API featuring role-based access control (RBAC) for distinct user types, handling user authentication, profile management, and job posting logic. The front-end is a dynamic single-page application (SPA) providing a responsive and interactive experience for job searching and application processes. React, Node.js, Express.js, MongoDB, JWT, REST API GitHub: https://github.com/binuralk/Workify.git 🔗	
Suwa-Connect – Healthcare Management Appointment System	2024
Developed a dynamic, full-stack web application from the ground up to serve as a central community hub, designed to connect users and facilitate information sharing. Engineered the platform using a pure PHP backend based on the Model-View-Controller (MVC) architectural pattern, ensuring a clean separation of concerns and maintainable code. PHP, MySQL, JavaScript, HTML, CSS, Apache, MVC Architecture GitHub: https://github.com/binuralk/Suwa-Connect-.git 🔗	
SwiftLogistics– Middleware Architecture for Real-Time Logistics Integration	2025
Architected a microservices-based middleware to integrate legacy CMS, Route Optimization System (ROS), and Warehouse Management Systems (WMS) into a unified logistics platform. By implementing a robust event-driven architecture and RESTful APIs for seamless communication, the system enables real-time processing of over 1,000 daily orders with automated routing and warehouse tracking. Node.js, Express.js, Docker, MongoDB, Redis, RabbitMQ GitHub: https://github.com/binuralk/SwiftLogistics.git 🔗	
FinTrack API – Secure RESTful API for Personal Budgeting Analytics	2025
Designed and developed a secure, backend system to manage personal finances, featuring user registration (BCrypt hashing), CRUD operations for expenses and categories, and data aggregation for monthly reports. The system employs JSON Web Tokens (JWT) for secure, stateless authentication and a layered architecture to ensure maintainability and testability. Java, Spring Boot, Spring Security, Spring Data JPA, PostgreSQL, JUnit, Mockito, Maven, Docker

Gym Management System – Desktop Application

2024

- Developed a comprehensive desktop application to streamline gym operations, including member registration, attendance tracking, class scheduling, and billing management. The system features an intuitive graphical user interface (GUI) built with JavaFX, and connects to a MySQL database for persistent data storage and retrieval, ensuring data integrity and efficient management of gym records.

Java, JavaFX, MySQL, JDBC

Certifications

Mastering JavaScript Functions: A Comprehensive Guide Udemy	2025
Master React.js Fundamentals for Effective Development Udemy	2025
Comprehensive JavaScript Course: From Beginner to Full Stack Pro Udemy	2025

Skills

Programming Languages: Java, JavaScript, PHP, C/C++, SQL
Frameworks & Libraries: React, Node.js, Express.js, Spring Boot, FastAPI, JavaFX
Databases: PostgreSQL, MySQL, MongoDB
Developer Tools: Docker, Git/GitHub, Postman, Cypress

Extra Curricular Activities

IEEE Student Branch of University of Colombo School of Computing Member - Design Team	2024 - 2025
AIIESEC - University of Colombo Member - IR Matching	2023 - 2024
Model United Nations Participated in SYMUN and THE MUN Councils Developed teamwork, communication, and problem-solving skills	2014 – 2015

Sports

Cricket Rahula College Matara – U13,U15,U17(School Level)	2012 – 2017
